Dr. Kaminski - you have my word that:

1.  I <u>wrote this</u> entire application <u>myself</u> (except the initial C#/Java "template" project you wrote, and/or the A1 starter program written by a fellow student which you provided to me) - in accordance with the guidelines in the course policies & syllabus and university policies of what's considered acceptable student academic conduct.  Any other code (longer than a couple lines) used in this assignment which was created by someone else (even if changed slightly) or was written jointly with someone else is  both clearly attributed (in a comment in the code) and  described on the BOTTOM OF THIS COVER PAGE.

2.  The <u>program code</u> attached here **did** actually <u>produce the data files</u> which are attached here.

3.  There was <u>no editing of the data files</u> after the attached programs produced them (except perhaps the font, font size and/or page-orientation for printing).
